Zahra, a scaebin about as tall as a wild dandelion, is summoned by her mentor fairy after cicadas emerge to lull her colony into a deep sleep. Zahra soon learns she is The Convener, a responsibility she doesn't want. After accepting her destiny, a turtle with amethyst eyes leads her to a lone, blind scaebin born with the markings of a fairy. Together, Zahra and the blind fairy must save the scaebin colonies. But when 12-year-old Brant, a human, snatches the blind fairy, and then Zahra suffers a concussion and injured wing, the obstacles appear too daunting to overcome.
